Fundamental Modeling Concepts (FMC) - Metamodel

Compositional structure
- Agent
  - Location
  - Storage
  - Channel

Dynamic structure
- Operation
  - Performs
  - Write access
  - Read access
  - Triggers

Value structure
- Value
  - Elementary
  - Structured

Observability
- Pre
- Post

Connection consists of
- ≥ 2

Point in time
- Start
- End

Causal ordering
- Event

write access
- Location
- Channel
